

Ashland Parents and Families, You're invited to a mini-workshop on The Five Love Languages of Children

Since 1992, Dr. Gary Chapman's best-selling book *The 5 Love Languages* has helped millions of couples develop stronger, more fulfilling relationships by teaching them to speak each others' love language. Each child, too, expresses and receives love through one of five different communication styles. And your love language may be totally different from that of your child. While you are doing all you can to show your child love, he may be hearing it as something completely opposite. Discover your child's primary language and learn what you can do to effectively convey unconditional feelings of respect, affection, and commitment that will resonate in your child's emotions and behavior.
